

Herbenone™

Product Names: Herbenone™, 1-[(4R)-4-methylcyclohex-1-en-1-yl]ethanone

INCI Names: Fragrance, Parfum

CAS Number: 36129-14-3

Product Description: A new-to-market 100% renewable aroma ingredient made with proprietary green chemistry. Herbenone evokes basil, anise, and slight jasmine, and is reminiscent of Thai Basil. It adds fresh, natural, and clean character to fragrance accords, giving versatility and tenacity that lasts up to 3 hours.

Physico-Chemical Properties

Appearance	Colorless Liquid
Flash Point (Closed Cup)	80°C
Molecular Weight	138
Vapor Pressure	88.9 Pa @ 25°C
Renewable Carbons	100%
Biodegradability	Readily Biodegradable

Elegant
Processes.
